STRATEGY WITH SOUL

STAGE · YOU'RE FINDING DIRECTION

Find your direction

From a thousand ideas to one clear path

You have energy and drive; what's missing is direction.
The good news: direction is chosen, not awaited.

YOUR LIFE IS A PROJECT TOO

Direction is chosen, not awaited

Having many ideas isn't the problem; the problem is not choosing. Scattering drains you. The second step of my method is Direction: turning "I want something different" into a concrete goal.

1

Choose ONE goal

Not ten. The one that, achieved in 90 days, would move the most in your life.

2

Make it concrete

"Being better" isn't a goal. "Achieving X" is. Define how you'll know you reached it.

3

Break it into 3 steps

Every big goal breaks into small steps. Three are enough to start.

4

Define this week's step

Just one. The smallest one you can take now, without waiting to feel ready.

EXERCISE

From wish to goal

Bring your idea down from the air and turn it into a plan. Fill each line.

My wish (vague)

What I feel I want...

My goal (concrete)

The same, but measurable...

I'll know I made it when...

Your clear sign of success...

My step this week

The smallest possible...

Your 3 steps toward the goal: 1. _____ 2. _____ 3. _____

Clarity doesn't come from thinking; it comes from choosing. Choose one direction today.
